

# JAY GALLIE

## Graphic Designer

With 4+ years of Graphic Design experience in both Canada and Iran, specializing in UI and web design, and a strong foundation from Humber College, I offer expertise in UI recommendations, social media content, and impactful print design. Proficient in Figma, Adobe CC, videography, and photography, I am dedicated to creating visually compelling designs across various platforms while continually expanding my skills.

### **Experience**

- **First Lady Products Company (2024) [Canada]**  
Completing my internship is essential for graduation from Humber College. I was fortunate to gain valuable experience with the marketing and graphic design team at First Lady Products, working on various projects including web banners, email graphics, magazines, decals, and ads.
- **Sweea Energy Company (2023 - 2024) [Canada]**  
As a Web Graphic Designer, I worked with the team to enhance the company's website.
- **Atlas Arvand Company (2019 - 2021) [Iran]**  
My role as a 'Social Media Graphic Designer & Manager' involved advising on app and website UI, creating social media posts, and designing billboards and flyers.

### **Education**

- **Humber College (2022 - 2024)**  
Advertising and Graphic Design  
Post-Secondary | College Diploma
- **Damavand Technical School (2011 - 2013)**
